ABOUT ME

BCA student currently in the 3rd semester with a strong interest in web development and practical experience building responsive and interactive web applications. Skilled in HTML, CSS, JavaScript, React, Bootstrap, and Git/GitHub, with working knowledge of C, C++, Java, and TypeScript. Passionate about learning modern technologies and building practical projects through hands-on development.

PROJECTS

Expense Tracker

- Developed a web application to record and manage daily expenses.
- Implemented interactive functionality using JavaScript/React.
- Designed a simple and user-friendly interface for expense tracking.

To-Do Application

- Built a task management application for adding, displaying, and deleting tasks.
- Implemented React state management using useState.
- Created an interactive and responsive user interface.

Shark Tank Project

- Developed a product/investment-focused web application using structured JSON data.
- Implemented dynamic rendering of product and business information.
- Planning API integration to replace static JSON data and make the application more scalable.

SKILLS

- **Frontend:** React.js, JavaScript, HTML5, CSS3, Bootstrap, Responsive Web Design
- **Programming:** C, C++, Java, TypeScript
- **Tools:** Git, GitHub, VS Code
- **Concepts:** React Hooks, REST API Integration, JSON Data, DOM Manipulation

EDUCATION

Bachelor of Computer Applications (BCA) | Swarnim Startup & Innovation University, Gandhinagar

Currently pursuing — 3rd Semester

Higher Secondary (12th Commerce) | 91.55 Percentile

Secondary (10th) | 84 Percentile

CAREER OBJECTIVE

Seeking opportunities as a Frontend Developer, Full Stack Developer, or Web Developer where I can apply my programming and web-development skills, contribute to real-world projects, and continue developing professionally.

INTERESTS

Web Development | React.js | Full Stack Development | Learning New Technologies | Building Projects
